TECHNOLOGY & TRANSPARENCY

TRADING ACCOUNTS — EVERY INVESTOR HAS ACCESS TO LIVE TRADE VISIBILITY THROUGH OUR OWN PLATFORM.

- **ADVANCED ALGO & AI TOOLS — DECISION-SUPPORT SYSTEMS AND ALGOS ASSIST TRADERS FOR FASTER EXECUTION AND BETTER RISK MANAGEMENT.**
- **SECURE INFRASTRUCTURE — INSTITUTIONAL-GRADE SERVERS, ENCRYPTED DATA LINES, AND MULTI-FACTOR AUTHENTICATION FOR CLIENT DASHBOARDS.**
- **REAL-TIME REPORTING — 24/7 ACCESS TO ACCOUNT STATEMENTS, P&L BREAKDOWNS, AND HISTORICAL PERFORMANCE LOGS.**

PROFIT MINING

RISK MANAGEMENT & SAFETY

- **Diversification:** Positions spread across FX, commodities, and indices to reduce single-market concentration.
- **Single-Trade Risk Limits:** Industry-standard single-trade exposure controls (example range: 5–10%).
- **Stop-Loss & Position Sizing:** Every strategy includes strict stop-loss rules and dynamic position sizing to protect capital.
- **Capital Protection Policies:** Protocols to limit drawdowns and an escalation procedure for market stress.
- **Regulatory & Compliance:** Adherence to applicable financial standards and transparent client agreements.

ROADMAP & FUTURE VISION

Short-term (0–12 months):

- Scale and expand regional affiliate teams.
- Launch enhanced investor dashboard and automated reporting.

Mid-term (1–3 years):

- Introduce crypto hedge fund and AI-driven ETF products.
- Expand partnerships with custodial and compliance service providers.

Long-term (3+ years):

- Establish Finra Capitals as a recognized global fund manager with diversified product suites and institutional partnerships.

PROFIT MINING

CONCLUSION

Profit Mining offers a combined value proposition: professional hedge fund management for investors and a sustainable business model for affiliates. With transparent processes, robust technology, and structured incentives, we aim to grow client wealth responsibly and build a trusted global brand.
